

Our Team

Christine Dunne Morrison

Christine Dunne Morrison, Patient Service Specialist

- B.S., University of Kansas, 1984

Christine chose to work at Elite for many of the same reasons that our patients choose to receive their therapy here. From the door to the therapy floor, Elite is staffed with capable, caring people.

And Christine will be one of the first to greet you and help put you at ease as you begin your journey to recovery.

As a former scout leader, cross country team mother, reading tutor, and now Elite's patient service specialist, Christine knows how to help people get to their goals.
