

Our Team

Laurie Clark

Laurie Clark, Office Manager

- B.S., Arizona State University

Laurie knows how to deftly navigate through complicated insurance paperwork.

Part of that talent comes from spending nearly a decade in the health care setting, backed by her education in health science and community health education. But most of it comes from Laurie's compassion, ability to listen, and dedication to doing everything she can to help Elite's clients get the therapy and the answers they need.
